HSUAN YI Enterprise Co., Ltd., established in 1985, always deals in metal processing manufacturing, and has been accumulating professional experience and production techniques over 25 years. Thus, we have abundant expertise in product design, quality control, delivery procedure, and follow-up service.

Customers from all walks of life granted their praise and appreciative criticism to us since our establishment. Moreover, we started to extend foreign markets in 1999, as European and Japanese markets are major trades at present.

## HEAVY DUTY OUTDOOR CASES

The cases shown here were designed for extreme environmental conditions: They have to resist strong typhoons, heavy rainfall and extreme solar radiation. For this reason these cases are made of stainless steel with an additional powder-coated protection.

Bergkvist & Co., GmbH represents HSUAN YI, Taiwan in Europe, Africa and South America.
